Dental Health Services

A Great Reason to Smilesm

A Long History of Quality, Affordable Dental Care

Dental Health Services is your local dental benefit solutions company

Dental Health Services was founded in 1974 by Godfrey Pernel, DDS. A pioneer in the dental industry, Dr. Pernel opened the first prepaid dental facility in the 1950s to answer the call of labor unions seeking better dental care for their workers.

Driven by the same passion to serve more people needing quality, affordable dental care, Dr. Pernel established Dental Health Services as one of the first dental benefit companies to specialize in prepaid dental plans. The innovative concept - prepaid dentistry - changed industry standards for service and care, and provided a new and effective way to deliver high-quality dental care affordably.

As a strong advocate for your oral health and wellness, Dental Health Services is committed to high-quality dental care and treatment. It all begins with our network of Quality Assured dentists. All of our participating dentists undergo a rigorous 107-point Quality Assurancesm program and are required to maintain high standards. This program ensures you receive the best care possible.

Additionally, all of our Member Service Specialists who directly assist you offer years of hands-on, professional experience working in dental offices.

Dental Health Services is a local, independent dental benefit solutions company and has a vested interest in improving the oral health of our community. Our local advantage also allows us to quickly respond to

your changing needs and readily provide personalized service.

Dental Health Services is the only employee-owned dental benefits company in the United States. Thirty percent of our company is owned by employee-owners who all have a sense of accountability to our members, dentists, groups, brokers, and to each other - not to corporate shareholders.

As the exciting future of healthcare continues to change, we're ready to forge new paths, develop innovative and customized dental benefit solutions, and provide you with excellent service and value...now and many years into the future.

"My mother recently purchased a Super SmartSmile dental plan with Dental Health Services. She was in need of some expensive dental work. She contacted me shortly after her initial visit to report how happy she was to have the plan and the significant savings it provided for her upcoming dental work. The quote she received from her dentist was significantly lower than she expected. She will be saving more than half of retail pricing on her services, and she was able to choose the dental office she was formerly using. She was so impressed that she has added my father to her dental plan."
