A Great Reason to Smilesm

How to Use Your Directory

You will find and easily locate a variety of in-network dentists within this Directory.

The example below will help you understand how to read the Directory.

Your plan features a variety of different types of health care providers for your oral health.

- **Dentist** – this is a general dentist. Once you select a dental office (see the next page for instructions on how to select a dental office), you can see any of the dentists within that office.
- **Orthodontics** – these are specialists that focus on Braces. No referral is necessary.
- **Denturist** – these are individuals that specialize in the fabrication of dentures. No referral is necessary. Visiting a Denturist can often reduce your copayment for dentures and denture services.
- **Periodontics, Endodontics, Pediatric Dentistry and Oral & Maxillofacial Surgery** – these are specialties requiring a referral for plans that include specialty coverage (see your *Schedule of Covered Services and Copayments*). Please consult your General Dentist to determine if a referral is necessary.

Selecting your dentist prior to receiving care

You have the choice. Select any of the conveniently located dental offices listed in this directory. In order to finalize your selection, you will need to provide the Dental Office number to Dental Health Services. To make your initial selection or change dentists contact a Member Service Specialist at 800-637-6453, or online through www.dentalhealthservices.com. The selection of the dental office must be made prior to receiving care.

All dental care is received from the general dentist you select, except in the case of an out-of-area emergency. You may receive care from any of the Orthodontists or Denturists listed in the directory without a referral. For plans that include specialty coverage (see your Schedule of Covered Services and Copayments), you can receive the service of Endodontists, Periodontists, Oral Surgeons, and Pedodontists with a referral which can be obtained from your general dentist.

Emergency Dental Conditions

If you have a dental emergency, for conditions involving acute pain, bleeding or dental infection, your selected participating dental office is expected to have 24 hour a day emergency communication accessibility. Immediately call your Participating Dentist for care. They are available to assist you.

If you are unable to reach your selected participating dental office, you can seek emergency *palliative* care from any participating dentist or any licensed dentist. No prior authorization or referral is needed. You will be reimbursed for the cost of emergency *palliative* treatment less any copayments that apply. Details can be found in your Evidence of Coverage and/or your Schedule of Covered Services and Copayments.

Your Member Service Specialist is available at 800-637-6453 to answer your questions.

Do you have a dentist to refer?

We are always looking for qualified dentists in your area. Please contact your Member Services Department at 800-637-6453 and they take your referral.
