Exclusions & Limitations of Coverage

Classic SmartSmile - Plan WA-D

Dental Limitations

The following are limitations on covered benefits.

Authorized treatment is rendered only by your selected participating provider. Services provided by a dentist other than the enrollee's designated participating provider, except for emergency dental conditions, are not covered. (See item C. below)

Limitation on the frequency and appropriateness of services:

1. D0210 and D0330 – Intraoral complete series films and panoramic films – limited to once every three years.

2. D1110 – Prophylaxis (removal of plaque, calculus and stains from the tooth structures in the permanent and transitional dentition) or D4010. Periodoctal Maintenance, limited to one particular transitional dentition or D4010. D4910 - Periodontal Maintenance - limited to one per six month

period, with any additional at additional copayment. D4341 or D4342 – Periodontal scaling and root planing – limited to

four quadrants per six months; and two quadrants per day. D5110 through D5281 – Full/partial dentures (upper and/or lower) - limited to one per five year period. New dentures are covered only if the existing denture cannot be made satisfactory by either a reline or repair. Lost or stolen appliances are the responsibility of the patient.

Fixed bridges are optional and not covered for patients under the

Emergency dental condition – is the emergent and acute onset of a symptom or symptoms, including severe pain that would lead a prudent layperson acting reasonably to believe that dental condition exists that requires immediate, palliative care by a licensed dentist for the relief of pain, swelling or bleeding. This does not include routine, extensive or postponable treatment.

Emergency dental care is limited to palliative treatment.
The additional cost to the enrollee for laboratory charges, unless specified in the "Schedule of Covered Services and Copayments," will be charged at the provider's actual cost.

E. Optional services – all cases in which the enrollee selects a plan of treatment that is considered unnecessary by the provider – the enrollee is responsible for fee-for-service rates. This does not apply to standard covered restorative procedures which offer a choice of material.

Upgraded services – cases in which the enrollee selects a plan of treatment that is considered an upgraded procedure – Dental Health Services' upgrade charges would apply.

G. Cosmetic dentistry – services for appearance only – may be available at a discount off full fees. This includes such services as the replacement of clinically acceptable amalgam fillings, Veneers and Bonding

Crowns and Bridges – limited to 10 in a 12 month period. Additional Crowns and Bridges are subject to a \$200 copayment

increase per procedure.

Unsatisfactory patient-doctor relationship – Dental Health Services providers reserve the right to limit or deny services to an enrollee who fails to follow the prescribed course of treatment, repeatedly fails to keep appointments, fails to pay applicable copayments, is abusive to the participating provider or their staff, or obtains services by fraud or deception.

Submit claims within 60 days. Dental Health Services shall not be liable to pay a claim for emergency care or for any Dental Health Services authorized treatment provided by a dentist other than a participating provider unless the enrollee submits the claim to Dental Health Services within 60 days after treatment.

K. Denturist benefit subject to existence and availability of a licensed denturist within a 30 mile radius. Enrollees may elect to travel to

the nearest participating denturist for services. Benefits are only available if work is completed in enrollee's

participating provider's office.

Not all participating dentists can perform all dental procedures. Please verify what services your selected provider can perform for you. Some complicated extractions, periodontal treatment, osseous surgery and root canal treatment may be referred to a specialist at the discretion of the general dentist.

Coverage for services only available during period of enrollment. Implants – only available at specific participating dental offices. Check www.dentalhealthservices.com to locate participating provider offices which offer implant services.

Dental Exclusions

The following are not covered by your dental plan.

A. Services not specifically listed in the "Schedule of Covered Services and Copayments.'

Treatment at a specialist is not covered, but may be available at a discount unless your specific plan contains specialty copayments.

Work in progress – non-emergency/temporary procedures started but not finished prior to the date of eligibility – is not covered. This includes crown preps prepared and temporized but not cemented, root canals in mid treatment, prosthetic cases post final impression stage (sent to the lab), etc. This does not include teeth slated for root canal treatment and/or canals filled during an emergency visit.

Temporomandibular joint (TMJ) disorders and related disease including myofunctional therapy. Procedures for training, treating or developing muscles in and around the jaw of the mouth (unless provided by a separate, supplemental Dental Health

Services program.)
Any dental procedure that cannot be performed in the dental office due to the general health and/or physical limitations of the enrollee.

Services that are reimbursed by a third party such as the medical portion of a health insurance plan or any other third party indemnification. (The member may be responsible for the payment of usual and customary charges to his/her dentist for services that are reimbursed by a third party.)

Orthodontic Limitations

The following are limitations on covered benefits.

Changes in treatment necessitated by accident of any kind.

Services which are compensable under Worker's Compensation or employer liability laws.

Malocclusions too severe or mutilated which are not amenable to ideal orthodontic therapy.
